

Timothy Team

Program description

The leadership at Cedar Springs Camp & Retreat desires to use our ministry to build The Kingdom through creating an environment for people to experience God in a personal way. This includes equipping the saints to serve The King. (2 Tim. 2:1-2)

In that regard, we are offering a discipleship program called “The Timothy Team” A mentor will disciple each team member through devotions covering holy living, spiritual gifts, spiritual disciplines, Scripture and Christian doctrine. Also during this time the team members will receive hands on experience in the camping ministry being trained to be young leaders and counselors for various camps. A limited number of students will be chosen.

This program will be open to students grades 9-12. Each prospective student will complete an application, including required references from a ministry leader and an adult (not related). Interviews will be held with each applicant, prior to the selection process. The cost for this mission’s program will be the lowest cost of youth camp plus \$200 per team member. This fee covers their registration for youth camp, room and board and any training materials, which might be provided. We strongly encourage students to raise their funds and acquire prayer supporters. Prayer supporters are encouraged to be praying for them prior to and during this event. All applications will be due March 1st.

We encourage church leaders to be in prayer about who may qualify for this team. This is an opportunity for mature youth to grow in their walk with the Lord, while serving in ministry. Our goal is to prepare them to serve in the local church.
